

PROVIDE RESPITE CARE

Respite provides foster parents with breaks so they can get things done, relax and re-energize. It also provides children with opportunities to experience new things and develop new relationships with other caring adults.

You can care for children for short periods of time such as a few hours, a weekend or a week or two. This can include giving children rides to/from school or afterschool activities.

You must be approved if you'll be providing respite:

- More than 48 hours at a time
- More than 11 times in a 12-month period

This is defined as “formal respite care” in Family Services Division Policy 95. (dcf.vermont.gov/fsd/policies)

How to get approved for respite care

1. Call the resource coordinator in your local Family Services district office.
2. Complete the application the resource coordinator provides.
3. If you'll be providing respite at home, a worker will visit you and tour your home to make sure it meets the regulations. *Respite can also be provided in the child's foster home or the community.*
4. We conduct background checks on members of your household.
5. The district office approves or denies your application.
