

Ali, 16

My favorite activities:

I enjoy baking and doing arts and crafts. I love being around animals and taking care of them.

My favorite foods:

Any kind of food except fish. I especially like Italian food.

Things I do not like:

I don't like spiders, when people yell and raise their voice to me, when others around me smoke and people that scare me.

What I would like in a family:

I want a family that will love me that have pets, an older sibling, and my own bedroom.

What we want you to know about Ali:

Ali enjoys being social and likes being around people. She needs structure and predictable. It is best preparing her of what her day will consist and her expectations will be. She is on an IEP at school and works hard on her academics.

What we are seeking in a family for Ali:

- A nurturing family
- A family that understands childhood trauma
- A family who can help her develop self esteem and coping skills.
- Parents who are willing to attend ongoing therapy with her.
- A family that can be patient with her

If you are interested in opening your home to Ali:
