

## **Foster-To-Adopt Home Needed for 13-Month Old Baby Boy**

We are seeking a foster family willing to adopt 13-month old Clay if and when he becomes legally-freed for adoption.

Clay has some developmental and physical delays. He is able to sit up with help and currently goes to both occupational and physical therapy.

He needs parents who are able and willing to:

- Commit to adopting him
- Take him to appointments with specialists as needed
- Support him into adulthood

If you think you are the right family for Clay, please contact Amy Prentiss-Rogers at (802) 447-6491 or [amyp@lundvt.org](mailto:amyp@lundvt.org).
