

Isaiah

Isaiah is 11 years old. Here's what he would like you to know about him

Things that he enjoys:

Isaiah loves to be busy. He likes all sports including football, soccer, basketball and baseball. He would like to be a part of a sports team and likes to stay busy in the yard by shooting hoops or throwing the football around.

Activities I enjoy

I love sports. I like to play all sports and can be pretty competitive. I also like building things and recently helped my foster dad build a chicken coop. I like all kinds of music and have an open mind about listening to any kind of music. I also like to watch TV on occasion.

What we want families to know about him

Isaiah has had a lot of loss in his young life. He has siblings that he may want to maintain some sort of contact with if appropriate. Isaiah would like a mom and a dad if possible. He states that even though he likes babies, he doesn't really want to live with them because they require a lot of attention.

What we are seeking in family for Isaiah

Isaiah is a neat kid with a lot of strengths. We are looking for a family who can help him grow and nurture those strengths. Although all families will be considered we think that Isaiah would thrive in a family where

1. He can participate in sports and physical activities.
2. He can get support as he works through feelings of grief and loss.
3. He can have support to maintain appropriate connections in Isaiah's life.
