

## Jason

Jason is 14 years old. Here's what he would like you to know about him.

---

### **My favorite foods**

I actually enjoy all types of foods and I am really not that picky. I especially like Chinese.

---

### **Things I do not like**

When people are bossy and try to correct me. I also have a hard time when my daily routine is not the same. I need it to be predictable. I also do not enjoy eating brussel sprouts.

---

### **Activities I enjoy**

Riding my bike, being outdoors, traveling, and camping. I also like playing sports and want to join sports teams. I recently took up snowboarding and love it!

---

### **What we want families to know about him**

Jason is a bright young man, interested in learning and is able to have conversation on a variety of topics. Jason is a people person and likes to interact with others. He likes to stay busy and be involved with extra-curricular activities. Jason likes to build things and understand how they work. Due to the early and recent trauma Jason experienced, he needs parents who can provide him with lots of one-on-one attention and support. He would like a family that will listen and believe in him. He is caring and enjoys socializing with adults. He would love to have a pet and is very nurturing to animals as his finds them therapeutic. Although, he does not want to have a guinea pig because he doesn't care for them much. He has a great personality and he loves to makes people laugh with his jokes.
