

Jason

Jason is 17 years old. Here's what he would like you to know about him:

Some of my favorite things:

Being outdoors. Being active. Learning about history. Telling stories. Drawing pictures to go along with the stories. Playing video games. Eating. Mountain biking.

Some of my least favorite things:

Having to do a lot of chores. When plans change because I get disappointed. When I try to fix something and can't figure it out.

Favorite Foods:

Milkshakes, chicken, candy, and pizza, soda, and french fries.

What we want you to know about Jason:

Jason receives special educational services at an individualized school, which he thoroughly enjoys as it is hands-on learning. He can be somewhat independent; however he needs specific guidance to help him be more self-sufficient as he gets older. He is open to learning new things, likes to be funny, and has a great sense of humor.

What we are seeking in a family for Jason:

Jason needs parents who:

- Can provide him with lots of one-on-one attention and support;
- Can provide a nurturing environment and consistent boundaries;
- Can set clear and firm limits;
- Are willing to participate in any recommended trainings and therapy sessions;
- Can be patient and loving even when his behaviors are a challenge; and
- Are energetic, outgoing, and active.

Jason would do best as the only child in the family.
