

# Joseph

Joseph is 15 years old. Here's what he would like you to know about him:

---

## **Some of my favorite things:**

Playing video games. Watching movies. Reading adventure books. Listening to music. Singing. Shopping.

---

## **Some of my least favorite things:**

I don't really enjoy doing outdoor things. I prefer indoor activities.

---

## **My favorite foods:**

My favorite food is steak with A1 steak sauce. I also love to have breakfast for dinner. I don't really like vegetables but will eat spinach salad, green beans and corn.

---

## **What I want in a family:**

I'd like a family with older children. I'd like to have older brothers and sisters but do not want younger siblings. I also want to be in a home with no animals.

---

## **What I want families to know about me:**

I am eager to have a new family. I have a great relationship with my maternal grandparents and want to stay in touch with them.

---

## **What we want families to know about Joseph:**

Joseph is very smart and can do well in school. He has experienced trauma in his life and continues to work on his past in therapy, learning new skills and ways to express his feelings and emotions. He has great insight into his own needs and would prefer to be in a family with no animals and only older siblings.

---

## **What we are seeking in a family for Joseph:**

Joseph will do best with two parents who:

- Are willing to work as a team to meet his needs;
- Can provide consistent structure and positive reinforcement; and
- Are open to having Joseph stay in contact with important people in his life.
