What I want from a family

I would like a home with a mom and dad or a dad and dad, some siblings, and animals in the home. I like dogs and would like to have a Chihuahua. I would also like a hamster or gerbil and a ferret.

What I want families to know about me

I want prospective families to know that I am good at math and science, fun, funny, smart and I am respectful of the people around me. I also don't want to be far from my grandma.

What we want families to know about the youth

Manuel needs to feel safe, secure and attached to those who are caring for him. Manuel has been exposed to an excessive degree of traumatic experiences. He will benefit from a safe and permanent home where love, safety, security and attachment can be met. He will also benefit from educational services that address his special education needs and intensive therapeutic support to ensure his well-being.
