

McKenzie

McKenzie is 16 years old. Here's what she would like you to know about her:

Some of my favorite things:

Reading, field hockey, baking, cooking, sewing. I have a cat.

Things I do not like:

I do not want to live in a big city.

Activities I enjoy:

Reading, baking, cooking, sewing, playing cards, taking walks, playing games on my kindle, and drawing.

My favorite foods:

I like a variety of foods.

What I want in a family:

I would prefer a single mom, a mom and dad, or two moms. I like younger kids, and wouldn't mind younger siblings, older siblings, or no siblings would be ok as well. I don't mind living in a town, or in the country, but I don't want to live in a big city.

What I want families to know about me:

I have moved around a lot in the past and would like a home and family. It may take me a long time to believe that I am going to be staying with you and not moving again. I want to go to college and would love to be a Veterinarian. I love animals.

What we want families to know about McKenzie:

McKenzie has moved around a lot and really needs a family who will stick with her through ups and downs. A family should be prepared to continue to attend therapy with McKenzie to help facilitate their bond and to continue to help McKenzie work through grief and loss issues.

What we are seeking in a family for McKenzie:

McKenzie would be most successful with a single mom, a mom and a dad or two moms. She would like siblings but will need a lot of time and attention to connect and feel safe with her new family. Much older or younger siblings would be best for McKenzie.
