

Stanley

Stanley is 14 years old. Here's what he would like you to know about him:

Some of my favorite things:

He likes pets and has mentioned a desire to have dogs and/or cats.

Activities he enjoys:

- He enjoys playing computer games, especially the game Spacecraft. He would like a Nintendo DS for Christmas.
- He loves fishing and enjoyed his first fishing trips this past summer.
- While he does not currently snowboard, he has expressed an interest in learning.

What we want families to know about Stanley:

- He has been in foster care a long time.
- He has completed quite a bit of treatment, is now successfully living with his foster dad, and is hoping for a permanent family.
- He attends public school where he is on an Individualized Education Program (IEP). The transition to a larger, public school was tough but he is settling in and becoming more involved at school.
- When he grows up, he wants to be a singer/songwriter.
- He recently started coming out of his shell and is becoming more talkative.

What we are seeking in a family for Stanley:

- It takes him a bit of time to warm up to new people.
- A slow transition to his new family, starting with short visits, will be necessary.
- We are therefore looking for parents who are willing to be patient and give Stanley the time he needs to develop trust and feel safe.
