

Taneil

Taneil is 15 years old. Here's what she would like you to know about her:

My favorite foods:

I recently discovered Five Guys burgers and fries and I love chicken wings!

Things I do not like:

Math class

Activities I enjoy:

I like Science and Social studies, learning to play the guitar, outdoor activities and exercise. I have lost 80 pounds over the last year and like being healthy and active. I also enjoy going to church and singing. Getting my hair and nails done, shopping and going to the movies is also fun.

What we want families to know about Taneil:

Due to the early trauma and loss Taneil has experienced, she needs parents who can provide her with lots of one-on-one attention and support. We are looking for a family willing to engage in ongoing therapy and support services to address her needs.

She has had a tremendous amount of loss in her life and trust is difficult for her. She has a great sense of humor, and loves all things “girlie”. Taneil wants to be with a family that cares and would like to have regular contact with her grandmother. She is very social and enjoys company from both peers and adults. She has participated in several clubs, such as cheerleading and choir and loves to go for walks.

What we are seeking in a family for Taneil:

Taneil needs parents who:

- Can provide a nurturing environment, can give guidance and stability, and provide structure.
- Are willing to participate in any recommended trainings and therapy sessions;
- Can be patient and loving even when her behaviors are a challenge;
- Can be affectionate and patient; and
- A family that understands the effects of trauma and loss for children

Taneil would do best as the only or youngest child in the family.
