SECTION 1: NOTICE AND OVERVIEW

HOUSING OPPORTUNITY GRANT PROGRAM (HOP) OBJECTIVES

The Housing Opportunity Grant Program (HOP) provides funding to: operate emergency overnight and day shelter; provide essential services to shelter residents; provide transitional housing where appropriate; rapidly re-house homeless individuals and families; prevent individuals and families experiencing a housing crisis from becoming homeless; implement coordinated entry to streamline client access to resources; and administer programs and the Homeless Management Information System (HMIS).

The Housing Opportunity Grant Program operates within the [Opening Doors, Federal Strategic Plan to Prevent and End Homelessness](#) and the [Vermont Plan to End Homelessness](#). The primary goals of the Housing Opportunity Grant Program are to:

- 1) Decrease the number of individuals and families experiencing homelessness;
- 2) Shorten the length of time people experience homelessness;
- 3) Reduce the number of individuals and families returning to homelessness; and
- 4) Prevent people from becoming homeless.

A guiding principle of the Housing Opportunity Grant Program is to tie homeless assistance activities to permanent housing through systems, practices, and initiatives that are informed by data and proven approaches. While the program will continue to address the needs of homeless people in emergency or transitional shelters, the focus is to assist people to quickly regain stability in permanent housing after experiencing a housing crisis or homelessness.¹

The General Assistance (GA) program provides emergency shelter to GA-eligible Vermonters through its motel voucher program. The Department for Children and Families invests General Assistance funds into community-based projects in order to reduce reliance on motels to meet emergency shelter needs. These GA community investments are administered under the Housing Opportunity Grant Program (HOP) through the Office of Economic Opportunity.

APPLICANT ELIGIBILITY REQUIREMENTS

To be eligible an applicant must:

- Be a municipality or a private non-profit organization with municipal approval. Faith-based non-profit organizations are eligible and should review requirements in Section E, Attachments.
- All emergency shelter applicants must have resolved any outstanding issues from past shelter habitability inspections or have corrective actions in progress according to a plan approved by the Office of Economic Opportunity.
- Any subrecipient of federal funding must be current with their annual filing to the [State of Vermont Department of Finance & Management](#).
- All applications for NEW or RELOCATED facility-based projects (i.e., shelters) must submit a Certification of Local Government Approval with their application (Appendix C). Those shelters that were in operation at their current location as of 4/15/16, do not need to submit an updated Certificate at this time.

OBLIGATION OF FUNDS

Obligation of the funds must occur within 120 days from the date that the grant funds are made available. Funds not expended by the completion date may be recaptured and reallocated to other HOP grantees.

SELECTION PROCESS

All applications will be evaluated by the Department for Children and Families Housing Team based on local need, capacity of applicant, approach and local coordination. Part of the selection process may involve a site visit of the finalists at which time documentation listed in the application may be reviewed. Both the proposals – and ultimately each program funded – will be evaluated based on a demonstrated ability to:

- 1) Meet the criteria as outlined in this Notice of Funding.
- 2) Previous program performance under HOP program performance measures.
- 3) The applicant's history of providing effective shelter or services to the homeless.
- 4) Address an identified homeless need or gap in the district and effectively collaborate with Continuum of Care partners to improve outcomes for the homeless and those at-risk of homelessness.
- 5) Demonstrate leveraged funding to support the proposed program.

- 9) Promptly provide appropriate services to households requiring them.
- 10) Support education, training and employment activities for clients, and help participants to access other appropriate community services and mainstream benefits and support services (including medical care, mental health and substance abuse treatment, counseling, supervision, and other services essential for achieving independent living).
- 11) The applicant's engagement of homeless individuals and families in the governance or operation of programming and services, to the maximum extent practicable.
- 12) Responsibly manage public funds and reporting expectations required under a grant agreement with the State of Vermont.

Actual funding will be based on the following:

- Requested amount (total request and spending plan)
- Available funds
- Strength of application in demonstrating application criteria are met

PLEASE NOTE, ADDITIONAL SELECTION CRITERIA for GENERAL ASSISTANCE (GA) FUNDING:

Proposals for new community-based emergency shelter capacity or delivery models that create alternatives to General Assistance motels are invited through this notice of funding. All proposals for GA investment must seek to demonstrate a reduction in reliance on motels, while providing better access to services.

GA investments will first be considered for renewal projects. Renewal funding for projects will be based on a demonstrated ability to:

- 1) Reduce General Assistance motel utilization and/or spending in the relevant AHS District;
- 2) Reduce the average household length of stay in the project;
- 3) Successfully exit clients into permanent housing.

Once proposals for GA renewal funding have been considered, new projects will be evaluated for funding. Department for Children and Families is particularly interested in projects that provide congregate shelter. Funding will be prioritized for new projects that:

- Serve the Rutland or Burlington AHS Districts
- Serve victims fleeing or attempting to flee domestic/sexual violence

In addition, DCF will release year-to-date unduplicated data on GA motel utilization in mid-April to support proposal development.

APPENDIX B. VERMONT HOP STANDARDS OF PROVISION OF ASSISTANCE State Fiscal Year 2019

A. Evaluation of individuals' eligibility for assistance under the Housing Opportunity Grant Program (HOP).

The policies and procedures of providers funded under HOP shall be consistent with the definition of homeless in 24 CFR 576.2 (included as Appendix A) and the recordkeeping requirements in 24 CFR 576.500(b), (c), (d), and (e), specifically:

Program participant eligibility for Emergency Shelter is limited to individuals who meet the criteria under paragraph (1), (2), (3), or (4) of the HUD Definition of Homelessness (Appendix A).

B. Admission, diversion, referral and discharge by emergency shelters and transitional housing programs.

Emergency Shelter and Transitional Housing Providers are required to provide written shelter standards regarding length of stay, if any, and safeguards to meet the safety and shelter needs of special populations, e.g., victims of domestic violence/sexual assault. Applicants must attach written standards that include policies and procedures that address shelter admission, diversion, referral and discharge. This includes policies related to involuntary and voluntary discharge, which will be reviewed by the Office of Economic Opportunity to ensure compliance with federal regulation standards.

C. Assessing, prioritizing, and reassessing individuals' needs for essential services related to emergency shelter.

Providers funded under the Emergency Shelter activity are required to have written policies and procedures regarding how residents' needs for essential services are determined and prioritized. All Emergency Shelter applicants must describe their standards in their application for funding.

D. Case Management Guidance:

Grantees using HOP funding to provide Case Management activities must understand and agree to the following special guidance.

Clarifying Intake/Screening, Search & Placement, and Housing Stability Case Management

While acknowledging that case management should remain flexible to best serve the individual needs of households, the following defines basic expectations as to what is provided. This is preceded by a definition of Intake/Screening, another essential function for programs serving the homeless, and a description of Housing Search & Placement.

Intake/Screening: To provide *coordination at the program or community level; and direct financial assistance where appropriate.*

- Record basic household information to determine immediate need, and eligibility for other assistance.
- Assess if a household's needs can be met with financial assistance alone (such as back rent, security deposit), or if more intensive supports are required.
- Provide financial assistance where appropriate.

- Determine what initial referral may be appropriate (case management, shelter, etc.).
- Follow-up on initial referral to prevent a household from “falling through the cracks.”

Housing Search & Placement: *To provide logistical support and housing counseling to households preparing to move into permanent housing.*

- Assess housing barriers, needs and preferences.
- Develop of an action plan for locating housing.
- Support housing search.
- Provide outreach and negotiation with landlords.
- Assist with rental applications and understanding leases.
- Assess housing habitability and rent reasonableness.
- Assist with obtaining utilities and making moving arrangements.
- Provide tenant counseling on rights and responsibilities.

Housing Case Management: *To provide coordination for the household; to provide more intensive interaction and services for clients deemed unlikely to resolve their housing crisis with short-term financial assistance alone.*

- Work closely with the household to acquire and maintain stable housing which is affordable to them.
- Determine (in consultation with household and other community partners, if applicable) who shall be the lead case manager for the household.
- Work with participants to develop a housing and service plan (including a path to permanent housing), set goals, and help participants stay on course.
- Provide ongoing risk assessment and safety planning with victims fleeing violence or make appropriate referral.
- Employ best practices to help the household identify its strengths and opportunities, as well as underlying issues which may have led to homelessness, or could undermine success if not addressed.
- Provide information, referrals and encouragement for the household (or members of the household) to avail themselves of other appropriate services or take appropriate action to address barriers.
- Assist with developing, securing and coordinating services and obtaining benefits.
- Monitor and evaluate client progress.
- Maintain a relationship with household, identifying the appropriate level of support without creating over-dependence. This includes providing post-lease, follow-up case management for higher-risk individuals after they have moved into permanent housing.

E. Other Guidance and restrictions on use of HOP funds:

Additional guidance on eligible and ineligible uses of HOP funds are contained in the Notice of Funding, grant agreements and guidance issued by the Office of Economic Opportunity. Grantees are encouraged to contact the Office of Economic Opportunity at (802) 241-0935 for clarification on any HOP requirements or standards.

Emergency Shelters must document eligibility at program entry. For emergency shelters, the primary method for establishing/documenting homeless eligibility may be self-certification by the individual or head of household. - a. Annual income of households receiving financial assistance shall not exceed 30% of the area median family income (10% of households may have incomes between 30% and 50% of median income).

After a final judgment or settlement, the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. The Party shall be entitled to recoup costs only upon a showing that such costs were entirely unrelated to the defense of any claim arising from an act or omission of the Party in connection with the performance of this Agreement.

The Party shall indemnify the State and its officers and employees if the State, its officers or employees become legally obligated to pay any damages or losses arising from any act or omission of the Party or an agent of the Party in connection with the performance of this Agreement.

Notwithstanding any contrary language anywhere, in no event shall the terms of this Agreement or any document furnished by the Party in connection with its performance under this Agreement obligate the State to (1) defend or
