

The Vermont Child Care Licensing Regulation Revision Project Child Development Division Community Forums

The Child Development Division (CDD) of the Vermont Department for Children & Families is embarking on a comprehensive revision of child care licensing regulations. We would like to invite you to partner with us on this very important project.

A series of **Community Forums** throughout the state will give people an opportunity to hear about the implementation process, discuss “what matters” when it comes to child care licensing and have questions answered by Deputy Commissioner Reeva Murphy and Child Care Licensing Director Sheila Duranleau. These community forums are presented by CDD in partnership local community agencies.
