

Chloe age 14

My Favorite Things:

I like to read, bake, watch movies and play D & D. I like to bake anything.

Things I do not like:

I don't like yelling or Arguing

Favorite Foods:

My favorite foods are home made macaroni and cheese and tacos.

What I want in a family:

I want to be able to use electronics, even if it is supervised. I want a family that is not outdoorsy, that is laid back. I would like to have two parents, but I'm ok with other types. I would like to have siblings older than me.

What I want families to know about me:

I like the color red. I like to read romance novels, and like romance moves. I am not an outdoors person. I like to do things, but not hiking or camping. I would like a hamster or guinea pig as a pet. I want to be able to go to a public school.

That we want families to know about the youth:

Chloe very badly wants to have a home and a family. A family that can meet her needs and has a high level of understanding about childhood trauma. Chloe has would thrive in a home that can provide a level of structure combined with a caring, warm family environment. Chloe would also benefit from having two parents. Chloe would do well in a home with no other children, but would also do well with older siblings in the home.
