

REMINDERS

It's Very Important That You:

1. Keep your appointment. Call right away if you need to reschedule.
2. Be on time for drop off and pick up.
3. Bring the voucher and \$27 copay per animal to the vet's office — on or before the day of the surgery.
4. Talk to your vet about *included*¹ and *not included*² procedures before the surgery.
5. Accept or decline the procedures that are optional (*not included*). Pay for any optional ones you accept.
6. Make sure your animal is flea free before the surgery.
7. Thank your vet's office for participating in VSNIP!

-
1. **INCLUDED:** the cost of the entire surgical procedure, including the exam (even if it's required by the office prior to the day of surgery), maintenance, anesthesia, pain medication during surgery, discharge of your animal, removal of sutures, one series of the distemper vaccination and one rabies vaccination.
 2. **NOT INCLUDED (optional):** pain medication you take home for pain relief after the surgery, fees associated with surgical complications if your animal is in heat or pregnant and other procedures. Bring this check list with you and review the options below. If a veterinary office requires you to have any of these procedures, you may decline and CALL ANOTHER OFFICE.

Examples of Optional Procedures

Pre-anesthesia blood work	\$ _____	Micro-chip	\$ _____
Heartworm/FIV/Leukemia test	\$ _____	De-worming	\$ _____
Pain medication	\$ _____		

Additional Info:

- There are several types/costs of post-operative pain medication available to help your animal feel better.
- Micro-chipped animals can be tracked if they are lost.
- Animals need to be worm & flea free to be healthy.
