P-2620     Medical Care (Continued)

C.     Prescriptions

- Determine if the drug is considered "ineffective" from:
- The DSW 100, Case Record Contents
- Memo from Accounting
- If the drug is considered "ineffective", inform the client that we cannot pay for the drug.
- If you cannot determine if the drug is "ineffective", complete a vendor and include the statement "Medicaid covered items only - per fee schedule".
- If a renewal, give the prescription number, if available
- Inform the client that the department will only pay for drugs considered effective.
