

Vermont Newborn Plan of Safe Care (POSC)

INSTRUCTIONS

The Plan of Safe Care should be developed with the pregnant individual and other involved caregivers prenatally and completed after the infant is born. The goal of the POSC is to ensure infants and families are connected to supportive services in their communities. The completed POSC should be sent to the infant's primary care provider at hospital discharge to facilitate communication and follow-up of new referrals. It should be scanned into the infant's medical record and the family should also receive a copy.
