

**Alicia, 14**

**My Favorite Things:**

I like baseball, basketball, soccer, playing cards, puzzles, and arts and crafts. I also enjoy playing video games, listening music, watching movies, swimming, and jumping on the trampoline.

**Things I do not like:**

I do not enjoy cats, people yelling, when others are unfair, bullies, when things change, being bored, and hugs from certain people.

**Favorite Foods:**

Iced coffee, ice cream, chicken fingers, french fries, and mozzarella sticks.

**What I want in a family:**

I would like a family that has young children, any animals except cats, the two parent home, chores with an allowance, phone for safety, kids my age as well. I would like to be able to play sports and have an adult that trusts me and respects boundaries. It would be wonderful if I could share a room with a sibling.

**What I want families to know about me:**

It is important for me to be able to have contact with some of my birth family. I also really find security with my stuffed animals. Someday I would like to go to Africa to visit.

I trust males more than females. I struggle to deal with my emotions at times. I can make friends easily.

**That we want families to know about the youth:**

Alicia needs parents who:

- Active household
- Can provide a nurturing environment, set clear and firm limits, and provide consistent boundaries;
- Are willing to participate in any recommended trainings and therapy sessions;
- Can be patient and loving even when her behaviors are a challenge;
- Can be affectionate when she wants it and patient; and
- Are energetic, outgoing, and active.
