

Devin Age 13

My Favorite Things:

Sports-including soccer, football, basketball, biking. I like to be outdoors and swim/hike. I collect coins. I love history, especially related to US Presidents and wars. I like to learn new information.

Things I Do Not Like:

I do not like to lose in things. I do not like to read just for pleasure.

Favorite Foods:

Cereal! I love candy and have a sweet tooth. Dum Dum lollipops. Pizza. Muffins. Animal Crackers.

What I want in a Family:

I want a family who that is caring and nice. Allows me to have contact with my family supports. I want to be active and supported.

What I Want the Families to Know about me:

I am kind. I can be shy. I like to be active.

What We Want the Families to know about the Youth:

Devin should be the only child or around only older siblings at this time. He is working on his treatment at this time and will need a family able to help him complete it. He is doing well using his coping strategies. He has a strong connection to some of his biological family. He can be shy and reserved but will come out of his shell. He can be silly and talkative once trust has been built.
