

## **Jacob, Age 14**

### **My Favorite Things:**

I like to try new things. I like fishing, crafting with cardboard, being outdoors and in the woods. I like riding dirt bikes, and other things with motors. I like building and repairing mechanical things. I love Hockey and I'm a Boston Bruins fan.

### **Things I do not like:**

I don't like loud noises. I don't like beets.

### **Favorite Foods:**

I like sea food. My favorite is Lobster, but I like all seafoods. I like most veggies.

### **What I want in a family:**

I want a mom and dad or a single mom. I would like to be with kids my age or older. I like pets, anything except snakes. I would like a house in the country, but close to town. I like farms, but small ones. I would like to live near or in the woods.

### **What I want families to know about me:**

I am very active, but once in a while I need some down time. I really like crafting. I really want to learn to ride/drive dirt bikes, snowmobiles, four wheelers.

### **That we want families to know about the youth:**

Jacob is a bright, talented young man. He has a strong interest in mechanical and engineering activities. He likes crafts and crafting. Jacob has had a history of losses and very much wants a forever family. Jacob would benefit from a family that can provide the structure and security that Jacob needs, A family that has an understanding of childhood trauma and practice in working with youth who have experienced trauma would be very helpful to Jacob.
