

**Perside, 15**

**My Favorite Things:**

I like hanging out with my friends, getting my nails done, going for walks, listening to music, and playing sports.

**Things I do not like:**

I do not like cats, loud and fake people, and shoes that are creased.

**Favorite Foods:**

Pizza and Alfredo pasta

**What I want in a family:**

I would like 1-2 parents of color that are active, can do my hair, and allow me to have the ability to have independence.

**What I want families to know about me:**

I can be shy at times, however I will open up after I feel comfortable with you. I don't like when adults ask me too many questions. I can be outgoing, although I know I can also be rude at times. I really want a parent that will do things with me like: going shopping, getting my nails done, going to the movies, and spending time with me. I enjoy softball, baseball, football, and soccer. My favorite subject in school is Humanities because I like knowing about the past and future. I am organized and I like to keep my room clean. I am proud of far from I have come over these last few years.

**What we want families to know about the youth:**

Perside is determined, who loves to be connected to the community. She has continued to be motivated to succeed in her education and involvement with extra-curricular things. A family willing and able to engage with Perside where she is at and be an active member of her team.

**If you are interested in learning more about Perside, please contact Ashley Sargent, Project Family at Lund (802) 527-6144 or [ashleys@lundvt.org](mailto:ashleys@lundvt.org).**
